

Join Sage City Live roundtable host: **Nancy Duhon**

Nancy Duhon grew up in the heart of Cajun culture in Lafayette, Louisiana. She moved to Washington, D.C. to attend Georgetown University's School of Foreign Service and eventually became the office administrator for a small law firm there. She next moved to her current home in Atlanta, Georgia, to attend Emory University School of Law. Nancy has been admitted to practice in Georgia and Louisiana since 1996.

In 1994, while still a first year law school student, Nancy began a technology consulting company, Duhon Technology Solutions, which provides assistance to law firms and other businesses throughout the United States. She is a Master Certified Consultant for Sage Timeslips and has been a regular CLE presenter at the Georgia Bar Annual Meeting, Atlanta and Georgia CLE events, as well as the annual ABA TechShow.

Nancy strives to bridge the gap between what is technically possible and what lawyers need to know how to do in order to function in an increasingly digital workplace. She particularly enjoys focusing her over 20 years of experience on the needs of small to mid-sized law firms that typically do not have an in-house IT department.
