

Join Sage City Live roundtable host: **Kevin Moyes**

A Toronto native, Kevin Moyes attended university in western Canada and, just before Y2K, became a Microsoft Certified Systems Engineer with DBA training. With experience in the automotive manufacturing, pharmaceutical, retail, communications, and technology industries, his varied background in technical and administrative roles gives him a real understanding of customer needs in an array of scenarios. A career technical systems analyst, Kevin completed a certificate in business analysis at the University of Toronto in May 2012. Presently part of the team for Munjal White Consulting Corporation—an Authorized Partner for Sage 100 ERP—Kevin has a strong background in SAP® Crystal Reports, technical support, and database technology and a naturally analytical mind.

In his spare time, Kevin likes to spend time at the family cottage, read, and cook, as well as keep active by swimming and taking long walks.

Solution roundtable **Sage 100 ERP**

Custom reporting . . . how do you mine your ERP data for information beyond the basics?

Solution roundtable **Sage 100 ERP**

Customization . . . how do you tune Sage 100 ERP for your environment and business processes?

Solution roundtable **Sage 100 ERP**

Backup and recovery . . . what are your best practices for protecting your critical ERP data?
